MOTHERS MARCH FOR DIMES

Hundreds of Albany women in neighborhoods throughout the city will be mobilizing during the next week and a half as preparations are completed for the Mothers' March. Polio—dramatic neighborhood celebration of the January March of Dimes.

Mrs. A. A. Radder and Mrs. Audrey P. Hanson, co-chairman of the Albany Mothers' March, said a huge army of marching mothers forming to take part in the door-to-door campaign scheduled from 7 to 9 p.m. on Tuesday, Jan. 31.

They said during the two-hour march mothers, equipped with identifying Mothers' March tags, will call on their neighbors and aid the fight against infantile paralysis.

The marching mothers will be making contributions for polio patient care, to advance research in the field of polio prevention, and to provide training for polio hospital specialists.

As the marching mothers were making preparations, a local March of Dimes benefit event—the fourth annual American Legion sponsored "Pageant of Basketball" was set for 7:30 p.m. on Friday, Jan. 27 at the Albany High School gym.

Main event of the benefit will be the contest between Leonard's Sport Shop of San Jose and Texaco Johnson of San Francisco, championship teams in the Industrial League.

Sharing the bill will be the championship teams of Marin and Cornell schools whose play will open the evening of basketball, and teams recruited from the memberships of the Albany Lions Club, Junior Chamber of Commerce and Albany Exchange Club whose objective will be to entertain rather than to set any basketball records.

Albany Post 292, American Legion, is the sponsor of the event. A second March of Dimes benefit will be held in nearby Berkeley by the presentation of "Stag 17" the Century Playhouse at 2 p.m. on Sunday, Jan. 29, in the amateur theatrical group's new location, the Jovoti Theater, San Pablo and University Aves. The matinee production is billed as a "family" event.

VFW PLANS BIRTHDAY SERVICES

The members of Albany Post 2658 Veterans of Foreign Wars of the United States will observe National VFW Week this year from January 22-28, celebrating the 57th anniversary of the organization.

During its 57 years of service the VFW has been dedicated to a program of service to veterans and to the community. Today active Youth programs are being carried on by more than 6,000 posts throughout the United States. More than 1200 posts earned citations last year for outstanding service to their communities. Since 1925 the VFW has maintained a National Home for Widows and Orphans at Eaton Rapids, Michigan, which represents the investment of millions of dollars. In every state, the VFW's rehabilitation officers are constantly at work aiding veterans in presenting claims and in securing rightful benefits.

To commemorate this 57th milestone, the VFW has prepared an outstanding film for television "The Magic Bond." We urge all residents of Albany to watch for this outstanding attraction to be shown on television during National VFW Week.

The members of Albany Post 2658 are proud of their record of 24 years of service to the city of Albany, and Commander Nick Rekas wishes to extend a cordial invitation to any overseas veteran interested in learning more about the VFW to meet with us on any first or third Tuesday at the Albany Veterans Memorial Building.

JAY-CEES NAME MAN OF YEAR

Albany's Junior Chamber of Commerce this week announced its choice of the "Outstanding Young Man for the Year 1955." This is the fourth year in which the Jay-Cees have sponsored such a choice.

This year the accolade fell upon the broad shoulders of Ralph M. Jensen, Albany's popular and efficient chief of police.

According to the Junior Chamber its reasons for the selection were many, among them Jensen's active interest in civic affairs, in the Coordinating Council and PTA youth activities; he was the originator of the bicycle court, of the hot rod club and the junior rifle team. Also it was through his efforts that the film portraying the "Dangerous Stranger" was secured for showing before the school children and PTA units to combat child molestation.

It is true that some of the reasons for the judges' choice fell within the realm of his own professional work, chamber officials declare, but it was the outstanding way in which he carried out his obligations that won him this year's award.

The judging was done by five of Albany's leading citizens: Mayor or Lewis M. Howell, Sid Wallace, Jack Snively, A. D. Hackim and Judge Louis J. Hardie.

A dinner, honoring Chief Jensen will be held tomorrow, Saturday night, at 8 p.m. at the Six Bells restaurant in El Cerrito. Chairman for the evening will be Robert J. Foley, Albany City Attorney. The Junior Chamber has extended a cordial invitation to the public to join them in honoring "The Outstanding Young Man for the Year 1955." Dancing will follow the dinner, tickets at \$6 a couple.

Jensen devoted three years to a pre-dental course at U.C. While waiting for admission to dental college he took the examination for patrolman in Albany, and joined the force in 1948. He became a sergeant in 1951, and inspector in 1953. He was elected chief of police in 1954.

Jensen was born in Denver, Colo., later moving with his family to Visalia where he attended grammar and high school. From 1942 to 1946 he served in the U.S. Air Force. As a captain he lived through the blitz days in England, making 10 missions over Germany before being shot down. After 19 months in a German prison camp Jensen escaped during the closing months of the war in Europe. For 30 days Jensen and a companion American flyer, wandered among the broken German lines. At one time an entire German company surrendered to the pair, but were told to go back to their homes. Shortly after they passed through to the American lines.

Chief Jensen's wife is Shirley, and they have two children, Dickie, 9, and Sheri, 7. The family home is at 412 Evelyn St. They spend much of their recreation time together, water skiing at Clear Lake, practicing archery, and in deer hunting. Father and son have successfully hunted deer during the seasons in northern California and in Nevada.

President Pleich Of C. of C. Talks On Newspapers

By JOHN PLEICH, Jr.
President Albany Chamber of Commerce

Few people appreciate what a newspaper gives to its community. Would anyone want to live in a town or city that did not have a newspaper? This would be an absurd question to ask, but many of the local people berate their hometown newspaper and feel that they are doing the paper a great service when they buy advertising space in order to make their business succeed.

I wonder how much any of us contribute to the welfare of our city or town in comparison to the newspaper. I wish to call attention to some of the contributions made by each and every newspaper in the United States.

First, this requires a big investment in local news. Paper, typesetting, power, light, rent and salaries of reporters and writers. What pays for all this? Advertising.

When a new school, church, or courthouse is needed, or a street must be paved, or bonds are to be floated, or anything else of benefit to the community is needed, who devotes the time and energy to create public interest? No one does as much as your hometown publisher.

Yet, many people condemn the newspaper. The reason is that they do not stop to think what the paper does for them and their families. They do not stop to think of the part the newspaper plays in building their town and city. They do not stop to think of the increase in value of their real estate that is brought about by the many improvements and new industries which the paper has helped create.

And don't forget, local newspapers give greater returns for the advertising dollar than any other media.

COUNCIL 'FILES' PROPOSED TAX PLAN

The proposal of Councilwoman Kathie Zahn that Albany turn over its assessment and tax collection to the Alameda County authorities met with little support at Monday night's meeting of the city council.

Previously the council members had expressed interest in studying the plan, and had asked the city attorney to report on the legal aspects with special attention to whether or not an amendment to the charter would be necessary.

In bringing up the matter Monday night Mrs. Zahn said she had anticipated the city attorney's report and that an amendment to the charter would have to be voted by the citizens, according to an exhaustive search she declared she had made during the preceding week.

The mayor and other members of the council also appeared to have done some investigating. Mayor Howell declared that Albany has the lowest tax rate in the county with the exception of Emeryville, and that the citizens should be proud of that record. "We have done our own assessing, we collect our own taxes, and I don't think we have to look to anyone for help," he said.

Councilman Jerome Blank said, "I believe in local control. If the citizens of Albany have a complaint about their assessments they can come down here and talk about it. Let's keep our government close to home." "Even to the point of paying double?" said Mrs. Zahn.

Councilman Edward Combs joined in the discussion to say, "We can give our powers away all right for a supposed saving, but we'll end up by paying more in the end."

The council took no action on the matter.

Mrs. Zahn then proposed a public hearing be held on the proposal to extend Marin Ave. from San Pablo to Jackson and Buchanan. Councilman Jerome Blank explained that such an extension would require the cooperation of the University authorities, as the extension would pass over university property. "It could be a great many months or years before the university takes any action," he said.

"Does the council want to take any action?" said Mayor Howell. "No," said Councilman Donahue, and the mayor said, "All right then, let's proceed."

A request from City Health Officer Dr. Robert T. McMahon that the council pass a resolution opposing any action by the San Francisco Bay Area Regional Water Pollution Board that would permit the flow or dumping of any waste matter into the bay, was approved, 4 to 0, Mrs. Zahn not voting. She said she thought such matter should be left to the State Water Pollution Board. In his letter to the council Dr. McMahon pointed out that Albany requires that all industrial wastes be treated so that they flow into the bay only as water.

The council passed Resolution No. 2050 A.N.S. extending the em-

CHRISTIAN SCIENCE

Why the spiritual qualities of honesty, unselfishness, and obedience are important to an understanding of Truth will be brought out at Christian Science services Sunday.

Scriptural selections to be read in the Lesson - Sermon entitled, "Truth" will include Jesus' parable of the sower and his explanation of its meaning for his disciples (Luke 8).

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following:

(272:3-8): "The spiritual sense of truth must be gained before Truth can be understood. This sense is assimilated only as we are honest, unselfish, loving and meek. In the soil of an honest and good heart the seed must be sown; it beareth not much fruit, for the synch element in human nature uproots it."

The Golden Text is from Psalms (86:15): "Thou, O Lord, art a God full of compassion, and gracious, long-suffering, and plenteous in mercy and truth."

Cub Pack 7 Presents Webelos Badge To 3 Outstanding Pack Members

At the last monthly meeting of Cub Pack No. 7, Cubmaster Paul Calderhead presented the highest rank in Cubing, the Webelos badge, to the following boys: Dickie Kowert, to Troop 14; Roger McCosker, to Troop 48; and Jimmy Sturgeon, to Troop 45.

Over 300 Cub Scout parents and children enjoyed a Christmas Party and program, high lighted by the appearance of Santa Claus (John McCosker), an exchange of gifts, and followed by refreshments served to all at the Cornell cafeteria.

The Webelos Den initiated the following boys into Cub Pack No. 7: Bobby Pacheco, to Den No. 10, and Arlen Gausman to Webelos Den.

Christopher Calderhead played "America" on his trumpet followed by Dale Niemela leading the salute to the flag. An inspection committee composed of Captain Baker and 1st Sgt. Malone specified Dens 5 and 3 as winners, with Dens 10 and 8 as runners-up.

Webelos Den No. 1 donated its Christmas gifts to needy families in the area. Also, under the able leadership of Peggy Burnett, eight large baskets of food were donated to deserving families during the holidays. Mrs. Burnett worked closely with Mr. Emmett Devine and Mr. and Mrs. Paul Calderhead in this worthy endeavor.

The following boys were transferred to the Webelos Den to learn tenderfoot requirements qualifying them for entry into the Boy Scouts:

For the unified auxiliary—Mrs. W. Bert Clausen, president; Mrs. W. L. Brucklacher, secretary and Mrs. Hiram Pickard, treasurer. For St. Anne's Guild: Mrs. Harold Blatch, first vice president; Mrs. Esther Gaw, second vice president and Mrs. Edna Stadium, secretary. Lions Club Gives Braille Writer To Albany Class

A gift of a Braille writer was accepted from the Albany Lion's Club by the Albany - Berkeley Braille Transcribing Group at the opening of their new class Tuesday, Jan. 10, at Albany High School.

David Lyon, president of the Albany Lions Club, made the presentation to Mrs. Elizabeth Woodward, chairman of the group.

This is the first Braille writer to be received by the Braille class. It will greatly promote speed and accuracy in transcribing books for the blind.

In addition to the new class started Tuesday evening, there is the advanced class, 16 in number, who started last September and who will continue their studies and complete the course in June. Upon completion they will be eligible to join the Berkeley - Albany Braille Transcribing Group and earn the transcriber's certificate.

Working for their transcriber's certificate at this time are nine members of the original class (started Feb. 1954): Mrs. Margaret Bednarski, Mrs. Eleanor Bliss, Herbert Lansing, Mrs. Rilla Morelli, Mrs. Lilly Ormerod, Mrs. Ellen Radder of Marin PTA; Mrs. Mabel

Low Accident Rate On Freeways Can Still be Reduced

The relatively low accident and fatality rates on freeways can be further reduced if motorists will follow a courteous and sensible safety program of freeway driving "musts," says the California State Automobile Association. The motorists' organization lists the five points of the program as follows:

1. Slow drivers keep to the right. Remember, if you're being repeatedly passed on your right, you're probably in the wrong lane. Carefully move over to the lane farthest to the right.
2. Adjust your speed and fol-

Christian Science Lecturer Speaks At Albany Meeting

The transforming power of Truth is covering world ignorance and discord, Mary Wellington Gale told an audience here Jan. 15.

Spiritual understanding of God's presence and power is enabling mankind to secure health and harmony, Mrs. Gale declared.

Currently on extended tour as a member of The Christian Science Board of Lectureship, she spoke in Masonic Hall, 533 San Pablo Ave., under the auspices of Christian Science Society, Albany. Her subject, was "Christian Science: The Transforming Power of Truth." She was introduced by Marilyn R. Thomas, first reader.

The truth of the supremacy of God and its power of deliverance, she said, is universally available today.

"Wherever ignorance has given place to knowledge, prejudice to tolerance, tyranny to justice, its transforming power is seen," Mrs. Gale declared.

TAXES IN TEXAS

Of all business and property taxes paid in Texas last year, 67.8 per cent were paid by the petroleum industry, according to the National Automobile Club.

owing distance to the flow of traffic and weather. One car length for each 10 mph of speed is advised; in other words, at 40 mph stay four car lengths behind the car ahead, at 50 mph stay five car lengths.

3. Decrease your speed and increase your following distance during rain or poor visibility; also use headlights, not parking lights.

4. Watch the signs and avoid excessive or abrupt lane changing by planning ahead. If you intend to exit at a given point, allow yourself plenty of time to change lanes easily. In all cases, look first, then be sure to signal and change lanes one at a time.

5. If you miss a turn-off, don't slow up or engage in any erratic maneuvers. Continue as you are, for there is only one thing to do in such a case and that is to go on to the next exit point. It is always prudent to study beforehand a freeway map of a city in which you have never driven before, but if you do find yourself on a strange freeway without previous study, be extra alert to spot the exit you want.

South Korean Consul to Talk

Albany residents who desire to discuss personally South Korean position in the United Nations picture with a top diplomat of that country may do so on Wednesday evening when Consul General Young Han Chon will be guest speaker at the meeting of Albany Chapter, American Association for the United Nations.

The program will be held at 8 p.m. in the cafeteria of Cornell School. Presiding will be Judge Louis J. Hardie and Dr. Florence G. Harris will introduce the speaker.

Members of the audience will

Every victory of science reveals more clearly a divine design in nature, a remarkable conformity in all things, from the infinitesimal to the infinite.—David Sarnoff.

Here ...

you'll find a Faith

to live by...

It's quiet inside. Quiet with the peace of centuries, for this is God's House.

Within these walls, the worries which loomed so large outside become less fearsome... for the first time perhaps you see them in their true perspective. If this alone were the reward of Faith, it would be enough. But there is more.

Faith is a source of strength, a reservoir of power that helps you meet the needs of every day. By worshipping with your family each week at your church or synagogue, you're giving them a measure of security no amount of money could buy. The Faith to hope... to grow... to live by.

Give them a Faith to live by

Worship with them this week
